WHY CONSIDER A BAJA BASH SPONSORSHIP?

The annual Baja Bash provides an innovative and engaging opportunity to reach a dedicated base of community members and brands who are passionate about ocean and coastal stewardship, all while demonstrating your commitment to climate action and marine conservation – locally and beyond.

When you sponsor the Baja Bash, your name or brand will be exposed to local and international media coverage in addition to a wide network of individuals and brands with whom you can build relationships. You will also enjoy tax benefits through a portion of your tax-deductible sponsorship.

There are many different opportunities to support the 2024 Baja Bash – and WILD COAST's work. Each sponsorship or donation will directly benefit our ground-level conservation and restoration projects, meaning that you or your organization can take pride in knowing that your funds are truly making a tangible difference for our coasts, ocean, and in the fight against climate change.
